Colleges want to know how you spend your summers.

Consider a job, internships, camp, travel, classes, community service, or all of the above, it is time to swing into action!

Part of your travel might include visiting colleges of interest. Be sure to keep a journal and take some photos of your experience for future reference. Call ahead for a tour.

Take the practice ACT/SAT to decide which test you prefer and invest time prepping for the real thing.

Juniors can start writing college essays. For some tips, check out: [bigfuture.collegeboard.org/get-in/essays#](http://bigfuture.collegeboard.org/get-in/essays#)!

Talk about how college will be paid for. Check out the Fafsa4caster at: [fafsa.ed.gov/FAFSA/app/f4cForm](http://fafsa.ed.gov/FAFSA/app/f4cForm).

Finally, make some time to relax. The fall will be busy and we want to be sure to come back recharged!

### PSAT Score Reports...About Those Numbers

Paper scores were sent home with our 9th and 10th graders today. You can link your College Board and Khan Academy accounts to access free, personalized SAT practice based on your PSAT results.

Think of the PSAT score reports as roadmaps. They show what you're doing well, and what you should work on to get ready for the SAT—and for college.

Next Steps for Students:

1. Create a College Board account at [studentscores.collegeboard.org](http://studentscores.collegeboard.org) to view your full report.
2. Create a Khan Academy account at [satpractice.org](http://satpractice.org) and link it to your College Board account to get free, personalized practice for the SAT®
3. Start planning for college and career using tools like Big Future and Roadtrip Nation®, available via your online PSAT report.
