Seniors!!! FAFSA is now available CAL GRANT FORMS ARE DUE

The 2017–18 *Free Application for Federal Student Aid* (FAFSA®) season will begin earlier than previous FAFSA application cycles. Beginning on Oct. 1, 2016, your students will be able to fill out the FAFSA for the 2017–18 school year. (In the past, they had to wait until January 1). In addition, applicants will no longer need to estimate income and tax information and will be able to retrieve their data directly from the IRS, right from the first day the FAFSA is available. Students also will have information about their Expected Family Contributions earlier, helping them as they're going through the college application and selection process.

You and your child will be required to use earlier income and tax information. Beginning with the 2017–18 FAFSA, students will report income and tax information from an earlier tax year. For example, on the 2017–18 FAFSA, applicants—and their parents, as appropriate—will report 2015 income and tax information, rather than 2016 income and tax information. This change will make the FAFSA easier because you will already have done your taxes by the time your child fills out the FAFSA, and you may be able to automatically import your tax information into your child's FAFSA.

Visit StudentAid.gov/fafsa to find out how to fill out the FAFSA and create your FSA ID, what information is needed for the FAFSA, what the deadlines are, and what happens after the FAFSA.

Mandatory Study Hall is in full swing

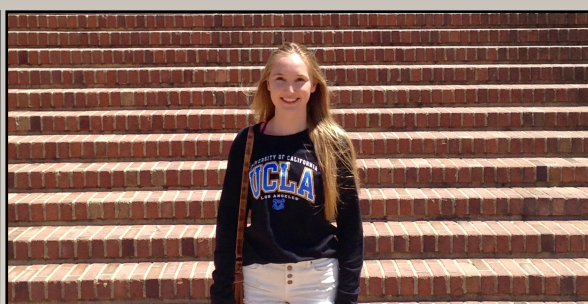

We are making every effort to be sure that no student slips between the cracks and underperforms in classes. One of the steps we are taking is to require students to attend study hall during 1st or 2nd period, whichever they have free, to give them an opportunity to work on missing assignments. Study hall is not punitive; it is intended to be a supportive intervention.

RenWeb will be checked every Friday. All students below 70% in any class will be assigned study hall for their free morning periods, Monday - Thursday of the following week. If your child is required to report to study hall, we will notify them with a slip indicating the time and place to report. Students should come to study hall with necessary textbooks and assignments to complete any make-up work. If students do not have missing work in the class with the low grade they must work on missing assignments in other classes. If students do not bring work to do we will give them a writing assignment or have them study for an upcoming test.

Study hall is not optional. It will be treated like a class with normal behavioral expectations and consequences. **Freshmen/Sophomores report to A3 and Juniors/Seniors report to A4 at 7:50. They must come prepared and work quietly. If your child does not attend study hall, he or she will be assigned detention.**

We hope that this intervention will help students develop the habit of turning work in on time. Learning to meet deadlines is an important skill that will help students throughout high school, college and their career. If you have any questions, please send an email to me at rtuesdell@woodlandchristian.org. We appreciate your support in this method of helping students to succeed in high school, college and Christian life.

Katie Sakona is attending UCLA and majors in Architecture. She is super busy studying for midterms and being involved on campus. Katie is playing intramural volleyball, volunteering at pediatric hospitals with her group called Project Sunshine, and attending Bruin Cru which is like Chapel once per week. We miss Katie and we are so proud of how she is letting her light shine at UCLA!

Hello from 2016 Grads!

Mission Statement

By God's grace and for His glory only, Woodland Christian School exists to educate and prepare students for college and Christian life. We believe that by faith in Christ our students, parents, and staff can change the world.
